

**6th VGB European Generation and Technology
Workshop**

BIOMASS

1st June 2010, Laborelec, Linkebeek, Belgium

	<p>Chairman Sauro Pasini, ENEL, Italy</p>
09:00	Reception
09:30	<p>Opening <i>Franz Bauer, VGB Power Tech, Germany</i></p>
09:40	<p>Sustainability criteria of Bioenergy/mass in the EU (What is biomass and Allocation of Renewables of 20% in 2020) <i>Sam Cross, EURELECTRIC, Belgium</i></p>
10:10	<p>Evaluation of international schemes to promote biomass sustainability and the availability of biomass <i>Fanny Langue, DG ENER, European Commission</i></p>
10:40	<p>Demonstration of Large Scale Biomass Co-Firing and Supply Chain Integration (DEBCO) <i>Silvia Lattanzi, ENEL, Italy</i></p>
11:10	Coffee Break
11:40	<p>Database: Phyllis - the composition of biomass and waste <i>Willem van de Kamp, ECN, Netherland</i></p>
12:10	<p>Review of models and tools for slaging and fouling prediction for biomass co-combustion <i>Jaap Koppejan, IEA Bioenergy Task 32: Biomass Combustion and Cofiring</i></p>
12:40	<p>Experience with ChlorOut a Method to Avoid Corrosion <i>Andreas Hjörnhede, Vattenfall AB, Sweden</i></p>
13:10	Lunch Break
14:10	<p>Biomass co-combustion from 5 % up to 100 % an overview at Electrabel <i>Yves Ryckmans, Electrabel, Belgium</i></p>
14:40	<p>Avedøre unit 2 - the world's largest biomass-fuelled CHP plant <i>Lars Fenger, DONG Energy, Denmark</i></p>
15:10	<p>Experience of the Woodgasifier in Ruien <i>Steven Brantegem, Electrabel, Belgium</i></p>
15:40	<p>Kymijärvi Biomass CFB Gasifier <i>Matti Kivela, Lahti Energia Oy, Finland</i></p>
16:10	Summary
