Call to Submit Suggestions for Papers!

The VGB Conference "Steam Turbines and Steam Turbine Operation 2012" takes place in "Fischauktionshalle" in Hamburg on May 15/16, 2012.

Aim of the conference is to ensure the steam turbine operation on a high availability and effectiveness also in the future.

Changes of the market and the reactions on the manufacturer and operator side as well as in the complete service sector make this experience exchange still more necessary.

The conference is aimed at manufacturers, planners, operators, insurers and experts interested in technology and its environment, researcher and authorities.

The main issues are:

- Major Overhaul
- Damages
- Development of examination methods
- Monitoring for steam turbines
- Modernization of old steam turbines
- Experiences with new products
- Steam turbines and the european industrial safety regulations
- New developments in the field of the condenser pipes

Please submit written suggestions for papers and lectures (Language German or English) by fax or E-mail until

November 25, 2011

Conference language is German and English. Simultaneous translation provided.

The submission of a lecture is independent of the participation on the exhibition. If you like to be a cooperative partner please contact us.

Please return this reply form until November 25, 2011!
