Subscription

- International journal for electricity and heat generation

The results of this work and these activities are published in the monthly international professional Journal VGB PowerTech, the organ of VGB PowerTech e.V.

This is why this journal - the leading technical publication in the field of construction, operation and engineering of power plants - enjoys an excellent reputation in international expert circles:

- › renowned authors are writing the editorial of each issue,
- › all papers are 100 % reviewed by experts, thus guaranteeing the high quality,
- › news from the industry, R&D and the energy business promptly inform about current issues,
- › dates, information on human resources and statistical data are also focussed,
