

3rd VGB Expert Event Digitalization in Hydropower 2020

“Implemented innovative digital measures, products and tools”

Dear Hydropower Colleagues,

Based on the success of the previous VGB expert event "Digitalization in Hydropower 2019" (fully booked; 179 participants from 14 countries), the upcoming expert event "Digitalization in Hydropower 2020 - Implemented innovative digital measures, products and tools" will take place in April of 2020 in Graz, Austria. While in the 2019 workshop participants could get deep insights into experiences with applied digital tools and digitalization techniques as well as results from implemented projects from the view of operators with a site visit of the hydropower plant Rabenstein at which twelve implemented digital test systems were demonstrated, the focus of the upcoming workshop is on implemented innovative digital measures, products and tools. Manufacturers and suppliers present applied digital solutions in cooperation with operators.

Date and location

Conference: April 22nd/23rd, 2020, 09.00 - 16.00
Graz University of Technology
Rechbauerstr. 12
Foyer
