

## Guideline for authors publishing TECHNICAL PAPERS in VGB PowerTech

Technical papers, background reports and news are published in the international trade journal VGB PowerTech to report on developments, applications and trends in worldwide electricity and heat generation.

### Manuscript

Technical papers are published free of charge! E-mail address: pt@vgb.org

Languages: German or English  
(language to be agreed upon in advance with the editorial office)

File format: DOC or RTF document (no PDF)

Exclusion of promotion: Company, product and brand names are permitted as far as they contribute to the understanding of the paper. Companies are to be mentioned three times only.

Papers (text ad figures) are reviewed by VGB experts who decide on the acceptance.

### 1. Abstract

Languages:  
German and English

Scope:  
min. 1,000 characters  
max. 1,500 characters  
(incl. blanks)

### 2. Main text

Languages:  
German or English  
(to be agreed upon with the editorial office)

Scope:  
min. 13,000 characters  
max. 35,000 characters  
(incl. blanks)

Clear structure:  
1 Headline  
(German and English)  
all authors with academic title, first and surname, company, position and place

2 Introduction  
(description of the problem)

3 Main part

4 Summary/result

### 3. Figures and tables

max. 8 figures  
max. 8 tables

Remark:  
Please do not insert your figures into the text but in a separate file.  
Please integrate your tables in the text (Word table).  
Designate the position in the text with reference: (Figure 1) or (Table 1)  
Please list the captions to figures and tables at the referenced position in the text.

Files needed:  
Digital files with resolution > 300 dpi or PowerPoint® presentation with true-to-the-detail figures.

The author accepts the conditions of publication when providing the manuscript – VGB PowerTech has the right of publication and exploitation. The author assures that the paper has not been presented elsewhere for publication or has already been published and that no third party right will be infringed when publishing his paper in VGB PowerTech. In such cases, the editorial office of VGB PowerTech must be informed.

Please do not hesitate to contact us if you have further queries!  
Thank you for your support!
